

## Feedback and reflection on Audit 1

Topics	Feedback	Response and action items
<b>Project outputs</b>	Missing details on integrating subsystems together	<ul style="list-style-type: none"> <li>- Clarify languages used in subsystems</li> <li>- Clarify subsystem dependencies</li> </ul>
	Vague team roles	<ul style="list-style-type: none"> <li>- Upload team roles from Concept of Operations</li> </ul>
	Recommendation to record coding progress	<ul style="list-style-type: none"> <li>- Record into Progress design and methodology</li> </ul>
	Regular/scheduled commits to the repository	<ul style="list-style-type: none"> <li>- Response: this approach does not meet the dynamics of the team, we believe that goal-oriented commits are more reasonable.</li> </ul>
	Goals for Audit 1 have not been met	<ul style="list-style-type: none"> <li>- Response: goals have been achieved</li> <li>- Action: make achieved goals more traceable/accessible to viewers</li> </ul>
	No clear illustration of final product interface	<ul style="list-style-type: none"> <li>- Create visual representation of final product interface</li> </ul>
	Repository is a bit difficult to navigate	<ul style="list-style-type: none"> <li>- Create README and add links into Progress design and methodology</li> </ul>
	Ambitious timeline	<ul style="list-style-type: none"> <li>- Adjusting timeline based on current progress</li> </ul>
<b>Decision making</b>	Formal decision log is missing	<ul style="list-style-type: none"> <li>- Adding decision log based on meeting minutes</li> </ul>
	Team needs more autonomy from client	<ul style="list-style-type: none"> <li>- Response: during each meeting with the client, we come prepared with proposed approaches, with pros/cons clarified</li> </ul>
	Ensure client is aware of one of the crucial decisions made by the team	<ul style="list-style-type: none"> <li>- Response: the client is actually part of this decision, as he is the one who makes the final call</li> </ul>
<b>Teamwork</b>	Better coordination of sub teams due to dependencies on each other	<ul style="list-style-type: none"> <li>- Further look into internal connections</li> <li>- Keep other sub teams updated regularly</li> <li>- Clearly outline which sub team work can be accomplished either simultaneously or sequentially</li> </ul>

	Minimal evidence of communications with the client outside meetings	<ul style="list-style-type: none"> <li>- Response: we believe 1 meeting with the client every week is sufficient to present work accomplished and to receive feedback. Client also has access to repository to track the team's current progress</li> </ul>
	Process behind outcomes/decisions of meeting minutes are not apparent	<ul style="list-style-type: none"> <li>- Record in Project Design and Methodology file</li> </ul>
	Unbalanced team coordination during presentation	<ul style="list-style-type: none"> <li>- Action: we will prepare at least 1 member from each sub-team to present and answer questions for future Audit</li> </ul>
	Seemly unequal resource and time allocation for sub-teams	<ul style="list-style-type: none"> <li>- Response: we believe the allocations are reasonably fair</li> <li>- Action: more documented detail and clarification of work completed</li> </ul>
<b>Communication</b>	lack of communication with tutor	<ul style="list-style-type: none"> <li>- Response: We can address this issue by drafting a short update each week and forwarding it to the tutor/client</li> </ul>
	Losing clear focus during meeting	<ul style="list-style-type: none"> <li>- Action: initiate a clear agenda before each meeting and stick to it</li> </ul>
	enhance communication with clients	<ul style="list-style-type: none"> <li>- Response: We are having one-hour face-to-face meeting with our client every week, plus email communication. we believe it's reasonably enough communication with our client.</li> <li>- Action: while our client is away, we will set up weekly online video meetings to update the progress</li> </ul>
	lack of communication methods within subteams	<ul style="list-style-type: none"> <li>- Response: our subteams are mostly formed by 2 or 3 students. The communication between each sub-team is usually done by conversation between individuals.</li> <li>- Action: more documented detail about communications within subteams.</li> </ul>
	late updation of daily meeting log (because he didn't see 20/3's meeting log, which is the date of tutorial)	<ul style="list-style-type: none"> <li>- Response: We do have a particular team member taking care of all the documentations, including daily meeting log.</li> </ul>
	Facebook messenger conversations are not easy to grade	<ul style="list-style-type: none"> <li>- Action:: Record key decisions/ideas communicated through meeting logs or other traceable document</li> </ul>

	landing page not informative	<ul style="list-style-type: none"> <li>- Reponse: our landing page is till under updation and we are adding more information about our project</li> <li>- Action: add more descriptive sections to introduce our project</li> </ul>
<b>Tutor's Feedback</b>	Vague value contribution	<ul style="list-style-type: none"> <li>- Action: add value contribution in terms of milestone achieved</li> </ul>
	not clear about how to achieve the low-cost tech-transfer	<ul style="list-style-type: none"> <li>- Action: provide receipts or purchasing record to prove the low cost of our product.</li> </ul>
	lack of team coordination during presentation	<ul style="list-style-type: none"> <li>- Action: we will let each sub-team member to answer questions regarding with their subteam</li> </ul>
	lack of testing matrix for the the prototype	<ul style="list-style-type: none"> <li>- Action: design a testing matrix</li> </ul>
	lack of client's feedback and his contribution to the design process	<ul style="list-style-type: none"> <li>- Action: we may work on a new section, which highlights our client's reflection, in each meeting log with our client.</li> </ul>
